Existing Condition(s) of CMTS Licence amendment issued vide letter No. 842-47/2002-VAS dated 12 th August 2002	Amended Condition(s)
<p>5.8 The LICENSEE shall create a buffer zone of 10 KM width along the Indian international border, if any, where no service would be permitted. Width of this buffer zone along the borders within the Indian Territory shall be as decided by the Govt. of India from time to time. As and when there is any change in the structure of defined buffer zone created by the Licensee, for whatsoever reason, it should be reported to the Licensor immediately. The Government and its authorised representative may carry out physical verification of the accuracy of buffer zone so created.</p>	<p>5.8(i) There shall be a “No Service Zone” of 500 Meters width along the International border within Indian territory for wireless/ mobile service, where the Licensee(s) are not permitted to provide wireless/ mobile service. The Licensee shall use requisite technology to ensure that the signals become unusable within 500 Meters of International boundaries and there shall be no wireless/ mobile service in the “No Service Zone”.</p> <p>5.8(ii) The Licensee shall create a “Buffer Zone” of 10 KMs width along the Line of Control (LOC), Line of Actual Control (LAC), Akhnoor and Pathankot areas in J&K, as applicable, wherein they shall not deploy their Cell site(s)/ BTS(s)/ Radio Transmitter(s).</p> <p>5.8(iii) Periodic surprise checks may be carried out by the Licensor or its authorized representative(s) including security agencies in order to ensure compliance of the above conditions by Licensee(s). In case, any violation in respect of usable mobile signals in the “No Service Zone” and/ or deployment of Cell site(s)/ BTS(s)/ Radio Transmitter(s) in the “Buffer Zone” are detected, stern action will be taken according to the terms and conditions of the License Agreement, including imposition of financial penalty.</p>
