22. Defendant Nos. 37 to 45 are Internet Service Providers (“**ISPs**”), Defendant Nos. 46 and 47 are arrayed by the Plaintiffs to assist in enforcing / ensuring compliance with any order of injunction that may be granted during the course of proceedings.

23. The learned Counsel for the Plaintiffs made the following submissions before this Court:

23.1 The Plaintiffs have acquired exclusive global media rights, comprising television rights to be exercised *via* broadcast delivery systems, digital rights to be exercised *via* digital delivery systems, including internet and mobile technology, and certain ancillary rights (“**Exclusive Rights**”) in respect of the ongoing event ‘Serie A Championship’ (“**Event**”) commenced on 23.08.2025. In exercise of the Exclusive Rights in the Event granted by one Lega Calcio Serie A (“**LCA**”) which is the owner of the Exclusive Rights, the Plaintiffs have acquired the Exclusive Rights to be exercised *via* Plaintiff No. 2.

23.2 Defendant Nos. 1 to 26 primarily host and disseminate live sporting events without authorization from lawful rights holders (“**Impugned Services**”). The Event matches are exclusively licensed to the Plaintiffs and that the Plaintiffs have not authorised Defendant Nos. 1 to 26 to broadcast the Event matches on Defendant Nos. 1 to 26.

23.3 Defendant Nos. 1 to 26 are streaming the Plaintiffs’ DAZN streams by circumventing the Plaintiffs’ exclusive streaming

mechanism. Defendant Nos. 1 to 26 have also made categories for different sports including boxing and have been using the Plaintiffs' contents, including the Plaintiffs' prior events. The Plaintiffs apprehend similar unauthorized streaming of the pending Event matches, which are exclusively licensed to the Plaintiffs, as per the Rights Confirmation Letter dated 10.10.2025 by LCA.

- 23.4 There are several other websites, similar to Defendant Nos. 1 to 26, which already exist, or are likely to be created. The identity, constitution, and other particulars of such unknown websites will become known only when such websites start communicating and making available the Plaintiffs' exclusively licensed broadcasts and related content unauthorizedly over the internet.
- 23.5 The offering of Impugned Services is not geo-restricted and freely accessible to users across India, including in Delhi. The Plaintiffs, as rightsholders and exclusive licensees of the 'original works' as well as 'broadcasts', enjoy protection under Section 37 of the Copyright Act, 1957 ("**Act**"). Therefore, the making available and / or communication to the public of the content in which the Plaintiffs have the Exclusive Rights, without the Plaintiffs' authorization by Defendant Nos. 1 to 26 and / or any other unknown websites would amount to a violation of the Plaintiffs' Exclusive Rights. The alleged reproduction / communication is contemporaneous and has a potential of eroding the Plaintiffs' market, a considerable compensation for which has been paid by the Plaintiffs. The balance of convenience is against Defendant

Nos. 1 to 26, who do not have authorization with respect to the Exclusive Rights, including, *inter alia*, to host, stream, reproduce, distribute, make available to the public and / or communicate the content in which the Plaintiffs have the Exclusive Rights. If the illegal activities of Defendant Nos. 1 to 26 are not restrained during the pendency of the present proceedings, the Plaintiffs shall suffer irreparable harm since Defendant Nos. 1 to 26 intend to continue to exploit, diminish and dilute the value of the Exclusive Rights.

23.6 In the past whenever such Impugned Services have been enjoined by the courts, while the initial injunction may be applicable to a few websites which are identified in the Plaint, during the course of the events itself a large number of websites are uncovered which continue to disseminate unlawfully the said sporting events. Therefore, a relief of real time live blocking of other uncovered rogue websites is necessitated in the present case as Defendant Nos. 1 to 26 may activate other domains / websites and URLs during the Event so as to continue the Impugned Services even if blocking orders are passed by this Court.

24. Having considered the submissions advanced by the learned Counsel for the Plaintiffs, the pleadings and the documents on record, a *prima facie* case has been made out by the Plaintiffs for the grant of an *ex-parte ad-interim* injunction. The Event is broadcasted through the Plaintiffs' website and mobile application namely DAZN, which is accessible across a variety of digital devices including computers, smartphones, tablets, and other electronic gadgets. The Plaintiffs have secured the Exclusive Rights for

various events, including, the Event as specified in the Rights Confirmation Letter dated 10.10.2025, through considerable financial investment.

25. The apprehension of the unauthorized dissemination, telecasting, or broadcasting of the Event on Defendant Nos. 1 to 26 shall pose a significant threat to the Plaintiffs' revenue streams undermining the value of the considerable investment made by the Plaintiffs in acquiring the Exclusive Rights. Additionally, the broadcast content, including footage, commentary, and other composite elements, is fully safeguarded under the Act. Therefore, the unauthorized use of these elements shall also infringe upon the copyright protections accorded to the broadcast content under the Exclusive Rights.

26. The issue of rogue websites engaging in the piracy of copyrighted content presents a recurring threat and disseminating or communicating any portions of the Event, without proper authorization or licensing from the Plaintiffs, would violate the Plaintiffs' Exclusive Rights.

27. This Court in ***Universal City Studios LLC v. Dotmovies.baby***, 2023:DHC:5842, granted a 'Dynamic+' injunction granting protection to works generated during the course of the pendency of the suit as also future works that will be created in the future so that while the content is generated, the same is not infringed upon in violation of Section 37 of the Act, till the time courts come to the rescue of the right holder. A relevant portion thereof, is reproduced below:

"17. Any injunction granted by a Court of law ought to be effective in nature. The injunction ought to also not merely extend to content which is past content created prior to the filing of the suit but also to content which may be generated on a day-to-day basis by the Plaintiffs. In a usual case for copyright infringement, the Court firstly identifies the work, determines the Copyright of the Plaintiff in the said work, and thereafter grants an injunction. However, owing to the

nature of the illegalities that rogue websites indulge in, there is a need to pass injunctions which are also dynamic qua the Plaintiffs as well, as it is seen that upon any film or series being released, they may be immediately uploaded on the rogue websites, causing severe and instant monetary loss. Copyright in future works comes into existence immediately upon the work being created, and Plaintiffs may not be able to approach the Court for each and every film or series that is produced in the future, to secure an injunction against piracy.

19. As innovation in technology continues, remedies to be granted also ought to be calibrated by Courts. This is not to say that in every case, an injunction qua future works can be granted. Such grant of an injunction would depend on the fact situation that arises and is placed before the Court.

20. In the facts and circumstances as set out above, an ex parte ad interim injunction is granted restraining the Defendants, who are all rogue websites, from in any manner streaming, reproducing, distributing, making available to the public and/or communicating to the public any copyrighted content of the Plaintiffs including future works of the Plaintiffs, in which ownership of copyright is undisputed, through their websites identified in the suit or any mirror/redirect websites or alphanumeric variations thereof including those websites which are associated with the Defendants' websites either based on the name, branding, identity or even source of content. To keep pace with the dynamic nature of the infringement that is undertaken by hydra-headed websites, this Court has deemed it appropriate to issue this 'Dynamic+ injunction' to protect copyrighted works as soon as they are created, to ensure that no irreparable loss is caused to the authors and owners of copyrighted works, as there is an imminent possibility of works being uploaded on rogue websites or their newer versions immediately upon the films/shows/series etc. The Plaintiffs are permitted to implead any mirror/redirect/alpha numeric variations of the websites identified in the suit as Defendants Nos.1 to 16 including those websites which are associated with the Defendants Nos.1 to 16, either based on the name, branding, identity or even source of content, by filing an application for impleadment under Order I Rule 10 CPC in the event such websites merely provide new means of accessing the same primary infringing websites that have been enjoined. The Plaintiffs are at liberty to also file an appropriate application seeking protection qua their copyrighted works, including future works, if the need so arises. Upon filing such applications before the Registrar along with an affidavit with sufficient supporting

evidence seeking extension of the injunction to such websites, to protect the content of the Plaintiffs, including future works, the injunction shall become operational against the said websites and qua such works. If there is any work in respect of which there is any dispute as to ownership of copyright, an application may be moved by the affected party before the Court, to seek clarification.”

28. In view of the above, given the fact that the Plaintiffs’ Exclusive Rights, as acquired from LCA are in question, if an *ex-parte ad-interim* injunction is not granted at this stage, irreparable harm would be caused to the Plaintiffs. Balance of convenience also lies in favour of the Plaintiffs. The need for immediate relief is particularly pressing in this case, considering the live broadcast of the Event. Any delay in blocking access to Defendant Nos. 1 to 26 or any other rogue websites providing the Impugned Services, could lead to financial losses for the Plaintiffs, and an irreparable breach of the Exclusive Rights. Therefore, swift action to prevent the alleged infringements is crucial in the present case.

29. Accordingly, Defendant Nos. 1 to 26, their owners, partners, proprietors, officers, servants, employees and all others in capacity of principal or agent acting for and on their behalf or anyone claiming through, by or under them are restrained from hosting, streaming, broadcasting, rebroadcasting, retransmitting, exhibiting, making available for viewing / downloading, providing access to and / or communicating to the public, displaying, uploading, modifying, publishing, updating and / or sharing without authorization, any part of the Event i.e., ‘Serie A Championship’ in any manner whatsoever so as to infringe the Plaintiffs’ Exclusive Rights.

30. Defendant Nos. 27 to 36, their directors, partners, proprietors, officers, affiliates, servants, employees, and all others in capacity of principal or agent

Upon receiving the said intimation from the Plaintiffs, Defendant Nos. 27 to 45 shall take steps to immediately block the said websites in question and Defendant Nos. 46 and 47 shall also issue necessary blocking orders immediately upon the Plaintiffs communicating the details of the websites, which are illegally streaming the Event.

35. Such a relief is called for in the present matter as any delay in blocking the websites would, in fact, result in considerable pecuniary loss to the Plaintiffs and result in irreparable violation of the Exclusive Rights of the Plaintiffs.

36. The Plaintiffs shall continue to file affidavits providing the details of the newly discovered websites, their Domain Names, the DNRs and the URLs, which are communicated and blocked to ensure that the Court is fully informed of the websites in respect of which blocking orders are sought. 37. If any website, which is not primarily an infringing website, is blocked in pursuance of this Order, it is permitted to approach the Court by giving an undertaking that it does not intend to do any illegal dissemination of the content over which the Plaintiffs have Exclusive Rights and the Court would consider modifying the injunction if the facts and circumstances, so warrant.

38. Let the Reply to the present Application be filed within four weeks after service of the Notice. Rejoinder thereto, if any, be filed within four weeks thereafter.

39. The Plaintiffs are permitted to ensure compliance of Order XXXIX Rule 3 of CPC within a period of two days and file the Compliance Affidavit within two weeks.

40. List before this Court on 27.02.2026.

TEJAS KARIA, J

NOVEMBER 6, 2025/‘gsr’

Annexure

Subject: Action requested to be taken by MEITY and Plaintiff for effective removal of content for viewing by public at large within India as per the said orders of Hon'ble Court.

It is observed that a number of orders of Hon'ble Court are issued for blocking of websites every month. There are around more than 2700 ISPs in India and these ISPs are connected among themselves in a mesh network. DOT is instructing each of the ISPs through emails/through its website for blocking of the websites as ordered by the Hon'ble Courts. Ensuring compliance of the orders by each of the ISPs is a time-consuming and complex task especially in view of multiplicity of orders of Hon'ble Courts, multiplicity of websites to be blocked and multiplicity of ISPs.

2. Allocation of Business Rules inter-alia states thus:-

'Policy matters relating to information technology; Electronics; and Internet (all matters other than licensing of Internet Service Provider).'

3. In view of above and in order to ensure effective removal by content for viewing by public at large, the plaintiff is requested to do a trace route of the web server hosting the said website. In case the web server happens to be in India, the plaintiff may inform the same to Meity who may direct the owner of such web server to stop transmission of content as per IT Act and as directed by the Hon'ble Court so that the content would be blocked from the source itself and the exercise of blocking by 2700 ISPs would not be required.

4. In case such server is located abroad i.e. outside India then access to such URL/website can be blocked through the international internet gateways which are much less in number. This would result in timely and effectively removal of undesirable content for viewing by public at large as is the requirement as per the orders of Hon'ble Court.
