You would recall that in response to blatant, large-scale copyright infringement of content on Zee5 and the Zee Channels (“**Our Client’s Works**”), a suit was instituted before the Hon’ble Delhi Court against various rogue websites (impleaded as Defendant Nos. 1 to 60) in the captioned matter) which engage in communicating to the public, hosting, streaming and/or making available to the public Our Client’s Works without authorization and / or facilitating the same.

2.

The suit so instituted was *inter alia*, for permanent injunction, rendition of accounts and damages, on account of blatant piracy of Our Client’s Works and infringement of copyright and broadcast reproduction rights of Our Client and for that purpose, Our Client has impleaded various Domain Name Registrars (Defendant Nos. 61 to 81), Google LLC (Defendant No. 82), Internet Service providers (Defendant Nos. 83 to 91) as well as the **concerned government departments (Department of Telecommunication and the Ministry of Electronics and Information**

20. List before the Court on 07th March, 2025.

I.A. 43185/2024 (Under Order XXXIX Rules 1 and 2 CPC)

21. The instant suit is being filed for permanent injunction, rendition of accounts and damages, on account of blatant piracy of the plaintiff's works and infringement of copyright and broadcast reproduction rights of the plaintiff. The plaintiff, a reputed broadcaster, production house and film studio, owns and operates the Zee Channels and the digital entertainment platform/streaming service called 'Zee5' respectively.

22. It is submitted that the plaintiff has the exclusive distribution rights to publicly exhibit and communicate through any medium or mode, the content on Zee5 and the Zee Channels produced by the plaintiff or exclusively licensed/assigned to the plaintiff ("plaintiff's works"). The plaintiff's works are protected as "Cinematograph Films" under Section 2(f) read with Section 13 of the Copyright Act, 1957 ("the Act"). The plaintiff has the exclusive right to make the plaintiff's works available for being seen or heard, or otherwise enjoyed by the public, as enumerated under Section 14(d) of the Act, and further, is also entitled to broadcast reproduction rights in respect of its broadcasts, under Section 37 of the Act.

23. It is submitted that the plaintiff has observed the rampant and large-scale infringement of the plaintiff's works by the defendant nos. 1 to 60 arrayed in the present suit, which are rogue websites engaged in communicating to the public, hosting, streaming and/or making available to

the public the plaintiff's works without authorization, and/or facilitating the same. The plaintiff has come across its original content/television shows/ series, such as Bastar - The Naxal Story, Kakuda, Rautu ka Raaz, Silence 2 - The Night Owl Bar Shootout, Kumkum Bhagya, Bhagya Laxmi, Appi Amchi Collector, Khundali Bhagya, Saatvya Mulichi Saatvi Mulgi, Idhayam, Sunflower, Ayali, Rangbaaz Season 3, Thalamai Seiyalagam, Broken News, Paruvu, Murshid, Karenjit Kaur, and Sitara being hosted and / or streamed on the defendant websites, without any authorisation by the plaintiff.

24. It is submitted that defendant nos. 1 to 60 are essentially, 'rogue websites' which are engaged in displaying pirated content in order to obtain certain financial benefits. The defendant websites are anonymous in nature, the owners of which are virtually impossible to locate, as the information provided in the public domain is either, incomplete, incorrect and/or protected behind a veil of secrecy. The defendant websites' *mala fides* are evident from the vast volume of third-party content available on its websites; the systematic, organised and intentional nature of the infringement; and also the regularity and consistency with which content is updated/uploaded on the websites, as is evident from the documents filed along with the plaint. Such voluminous evidence of copyright infringement by the said defendants clearly establishes that the defendant websites are 'rogue' in terms of the judgment of the Hon'ble High Court of Delhi in *UTV Software Communications Ltd. & Anr. v. 1337x.to and Ors.* (2019 SCC OnLine Del 8002).

25. It is submitted that the defendant nos. 61 to 81 are Domain Name Registrars which have been arrayed for the purpose of blocking access to/

locking/suspending the defendant websites and to disclose information related to the registrants of the said websites, such as name, address, email address, mobile number, payment details etc.

26. It is submitted that the plaintiff has arrayed Google LLC as defendant no. 82 for the purpose of de-indexing/delisting of the domain names/websites of such rogue defendant websites from the search results produced on the search engine, 'Google', owned/operated by the defendant no. 82.

27. It is submitted that the defendant nos. 83 to 91 are Internet Service Providers which are being arrayed for the limited purpose of blocking/restricting access to the rogue websites identified in the present suit or any other website subsequently identified by the plaintiff on affidavit.

28. It is submitted that the plaintiff has arrayed defendant no. 92, Department of Telecommunications, and defendant No. 93, Ministry of Electronics and Information Technology for the issuance of a notification to the internet and telecom service providers to disable access to the defendant websites identified in the present suit and such other websites subsequently discovered and identified by the plaintiff to be infringing the rights of the plaintiff. The defendant no. 94 is 'Ashok Kumar'. No formal relief is sought against the defendant nos. 61 to 94.

29. It is submitted that defendant nos. 1-60 are mostly anonymous websites. Details of their owners are either hidden or are forged/inaccurate. These websites are vehicles of infringement and engage in flagrant violation of the intellectual property rights of the plaintiff. Due to the nature of the internet, which offers anonymity, these websites in a systematic manner, engage in violation of the intellectual property rights of the plaintiff. The websites of defendant nos. 1-60 are predominantly engaged in violating third

party rights.

30. It is submitted that in view of the aforesaid, the plaintiff has filed the present suit seeking protection of its exclusive rights under the Act. On account of being the producer, exclusive licensee and exclusive assignee having adequate right, and the fact that defendant nos. 1–60 have been violating the rights of the plaintiff, the plaintiff has established a *prima facie* case in its favour. The plaintiff would suffer irreparable harm and injury if an order of injunction is not passed. The balance of convenience is in favour of the plaintiff on account of it being the rights-owner and having legitimate interest which needs protection.

31. Learned counsel appearing for the plaintiff has drawn the attention of this Court to the various infringing content which is available on these rogue sites. The list of the defendant websites, and the corresponding pages of the documents filed along with the present plaint, is attached as *Annexure-A* to the present order.

32. It is submitted that as the plaintiff's works enjoy protection as a 'cinematograph films' under the Act, the making available and/or communication to the public of the plaintiff's works, without their authorisation, by the defendant websites would amount to a violation of the plaintiff's exclusive rights under the Act. The balance of convenience is clearly against the defendant websites, which do not have authorisation with respect to the plaintiff's works, including, *inter alia*, to host, stream, reproduce, permit download of/distribute, make available to the public and/or communicate the plaintiff's motion pictures, original content television shows, web-series and other cinematographic works, or facilitate the same. It is submitted that if the illegal activities of the defendant

websites are not restrained during the pendency of the present proceedings, plaintiff shall suffer irreparable harm since it is submitted that the defendant websites intend to continue to exploit the plaintiff's property with impunity, thereby, diminishing and diluting the value of the plaintiff's rights.

33. Further, it is submitted that this Court in *Zee Entertainment Enterprises Limited versus Jbomma.Bar and Ors.* (CS(COMM) 650/2022), vide order dated 19th September, 2022, had restrained certain rogue websites therein from communicating, hosting, streaming and/or making available for viewing and downloading, without authorization on their websites or other platforms, through the internet in any manner whatsoever, the plaintiff's works. Further, vide its order 27th February, 2024, *inter alia*, directed the Domain Name Registrars therein to revoke domain name registrations of such rogue websites and to furnish complete details of such rogue websites. Further, this Court in *Zee Entertainment Enterprises Limited versus All Rounder Tv and Ors.*, (CS(COMM) 921/2023), vide its order dated 12th January, 2024, guided by the principles laid down in and in furtherance of the UTV Judgment, restrained third-party mobile applications arrayed as defendants therein from communicating to the public, hosting, storing, reproducing, streaming, broadcasting, re-broadcasting, causing, to be seen or heard by public on payment of charge and/or making available for viewing the plaintiff's Works through their websites or apps.

34. It is submitted that the plaintiff's entire business depends on the protection of its invaluable intellectual property and in case the same are infringed, the entire business model of the plaintiff will be at great risk and will be adversely affected. The plaintiff has invested huge sums in the production, promotion, distribution and exploitation of the plaintiff's works.

It is submitted that if the infringement thereof is not prevented, it would result in threatening the very future and existence of respective original shows/ television shows/original content since production houses would be unable to raise funds for future works.

35. At this stage, learned counsel appearing for defendant no. 82, i.e., Google, submits that the address of the Google has been incorrectly reflected in the Memo of Parties.

36. Let correct address be provided by learned counsel appearing for defendant no. 82-Google to the plaintiff.

37. Amended memo of parties shall be filed within a period of one week from today.

38. Learned counsel appearing for defendant no. 82 further submits that at this stage no directions be given to defendant no. 82 for de-indexing/de-listing the defendant websites, as the defendant no. 82 being a search engine, any website which is suspended, is not shown as part of the index published in the search engine.

39. He further submits that this may take some time in view of the technological issues.

40. In the above circumstances, the plaintiff has demonstrated a prima facie case for grant of injunction and, in case, no *ex parte ad interim* injunction is granted, the plaintiff will suffer an irreparable loss. Further, balance of convenience also lies in favour of the plaintiff, and against the defendants.

41. Accordingly, till the next date of hearing, the following directions are issued:

I. The defendant nos. 1 to 60, their owners, partners, officers and all

others in capacity of principal or agent acting for and on their behalf, or anyone claiming through, by or under it, are restrained from in any manner communicating, hosting, streaming, and/or making available for viewing and downloading, without authorization, on their websites or other platforms, through the internet in any manner whatsoever, the plaintiff's works so as to infringe the plaintiff's exclusive rights and broadcast reproduction rights.

II. The defendant nos. 61 to 81 and its directors, partners, proprietors, officers, affiliates, servants, employees, and all others in capacity of principal or agent acting for and, on their behalf, or anyone claiming through, by or under it, are directed to suspend the domain name registration of the defendant nos. 1 to 60, as per the details as given in *Annexure-B* to the present order.

III. The defendant nos. 61 to 81, are directed to disclose the following information of defendant nos. 1 to 60:

- a. Complete details such as name, address, email address, phone number, IP address, etc.
- b. Mode of payment along with payment details used for registration of domain name by the registrant(s).

IV. The defendant nos. 83 to 91, their directors, partners, proprietors, officers, affiliates, servants, employees, and all others in capacity of principal or agent acting for and on their behalf, or anyone claiming through, by or under it, are directed to block access to the various websites identified by the plaintiff, details of which are given as *Annexure C*.

V. The defendant nos. 92 and 93 are directed to issue a notification calling upon the various internet service providers registered under it to

block access to the various websites identified by the plaintiff in the instant suit, details of which are given as *Annexure-C*.

VI. If during the pendency of the present suit, any further websites are discovered by the plaintiff, which are illegally streaming the infringing content, copyright of which is owned by the plaintiff, the plaintiff is granted liberty to communicate the details of such websites to defendant no. 92 (Department of Telecommunications) and defendant no. 93 (Ministry of Electronics and Information Technology), for issuance of blocking orders and simultaneously to the Internet Service Providers (“ISPs”) for blocking the said websites.

VII. Upon receiving the said intimation from the plaintiff, the ISPs shall take steps to immediately block the rogue websites in question.

VIII. The DOT and MEITY shall also issue necessary blocking orders immediately upon the plaintiff, communicating the details of the websites, which are illegally streaming the content, over which the plaintiff has rights.

IX. After communication of details of the rogue websites to the concerned authorities, the plaintiff shall continue to file affidavits with the Court, in order to ensure that the Court is fully informed of the websites in respect of which blocking orders are sought.

X. If any website, which is not primarily an infringing site, is blocked pursuant to the present order, they shall be permitted to approach this Court by giving an undertaking that it does not intend to engage in any unauthorized streaming of any content, over which the plaintiff has rights.

XI. As and when new further websites are discovered by the plaintiff, the plaintiff shall be at liberty to file an application for their impleadment, which shall be taken up before the Joint Registrar (Judicial), and the order passed

today shall be extended to the said newly impleaded website as well.

42. Issue notice to the defendants by all permissible modes, upon filing of process fee, returnable on the next date of hearing.
43. Notice is accepted by learned counsel appearing for defendant no. 82.
44. Let notice be issued to the other defendants.
45. Let reply be filed within a period of four weeks.
46. Rejoinder thereto, if any, be filed within two weeks, thereafter.
47. Compliance of Order XXXIX Rule 3 CPC, be done, within a period of one week from today.
48. List before the Court on 7th March, 2025.

Annexure

Subject: Action requested to be taken by MEITY and Plaintiff for effective removal of content for viewing by public at large within India as per the said orders of Hon'ble Court.

It is observed that a number of orders of Hon'ble Court are issued for blocking of websites every month. There are around more than 2700 ISPs in India and these ISPs are connected among themselves in a mesh network. DOT is instructing each of the ISPs through emails/through its website for blocking of the websites as ordered by the Hon'ble Courts. Ensuring compliance of the orders by each of the ISPs is a time-consuming and complex task especially in view of multiplicity of orders of Hon'ble Courts, multiplicity of websites to be blocked and multiplicity of ISPs.

2. Allocation of Business Rules inter-alia states thus:-

'Policy matters relating to information technology; Electronics; and Internet (all matters other than licensing of Internet Service Provider).'

3. In view of above and in order to ensure effective removal by content for viewing by public at large, the plaintiff is requested to do a trace route of the web server hosting the said website. In case the web server happens to be in India, the plaintiff may inform the same to Meity who may direct the owner of such web server to stop transmission of content as per IT Act and as directed by the Hon'ble Court so that the content would be blocked from the source itself and the exercise of blocking by 2700 ISPs would not be required.

4. In case such server is located abroad i.e. outside India then access to such URL/website can be blocked through the international internet gateways which are much less in number. This would result in timely and effectively removal of undesirable content for viewing by public at large as is the requirement as per the orders of Hon'ble Court.
